

# NORTHLAND RADIO RESOURCE

## 1<sup>ST</sup> EDITION! = NOVEMBER 2019

Welcome to the Very First edition of Northland Amateur communication group's New Monthly Newsletter!

Every month, we plan to send this out by Email, and it will also be available on our website. ([www.ke0pou.com](http://www.ke0pou.com))

Due to added cost, we plan to not mail paper copies of this newsletter... However, if you strongly believe you want a paper copy, we would be "open" to discussing the option with you, IF you covered the costs. (paper, printing, envelope, mailing costs, ext.)

This Text area will be used for a Short Recap of the last NACG Meeting Minutes. There also might be a few comments about Radio Activities or projects that happened during the past month.

On the Upper Right, ↗ you will see a picture, Joke, drawing, or something similar that will hopefully give you a good smile. We want your input! Do you have a Radio Joke, Drawing or Doodle, Cool Photograph of a field radio setup, or something else worth showing everyone? We want to share your skill in one of our future Newsletters! Email or message your submission to NACG with the subject

"newsletter - picture / joke / drawing / (whatever)"

On the Bottom Left, ↙ you will see a list of upcoming NACG activities, be sure to check this in each monthly edition of **NORTHLAND RADIO RESOURCE** to see what is happening with our group & plan on joining us for the fun!

On the Bottom Right, ↘ you will find current club officers and open positions within the club. Let us know if you want to fill one of these positions.
